

# KOR-ØST MIXED CHOIR

Kor-Øst mixed Choir started back in 2012, and its members come from all along the Østerdalen Valley. A valley which starts a two hour's drive north of Oslo and continues north towards Trondheim.

We are a very special choir because it is run like a project. All the 46 members originally sing in other choirs all along the Valley. But twice a year we meet for a week-end, and sing together in Kor-Øst. We also participate in concerts in our region.

The most important for this choir is to travel abroad with our music. In September 2013 we visited Ireland. In 2015 we went to Scotland!

The members range from those in their 20s to those in their 70s.

We have developed a repertoire with classical-, folk- and religious music.

Kor-Øst is a warm, open and inclusive musical community. We love to sing, love to share, make lifelong friends and experience new challenges together!

Our beloved conductor is: Inger-Pernille Stramrud.

On our trip to Salzburg we hope to do two-three concerts in, or around, Salzburg. The venue can be a church, a community house, the town hall...every stage suitable for a choir with 46 members.

We hope to be introduced to one or two local choirs. Hopefully, we could do concerts together, maybe a dinner afterwards –or just go out for a glass or two together. Our goal is to meet new people, make new friends and to share music!!
